Ocean Plastic International Matchmaking, online event 2nd December 2021

Ocean Plastic International Matchmaking Event is a networking event dedicated to creating contacts to potential investors, customers, suppliers, developers, and cooperative partners within the emerging ocean plastic industry. It is an alternative to traditional conferences where the right people can often be difficult to find.

At the event, participants have the opportunity to prebook online meetings with participating companies, thus maximizing efficiency. Participants include companies and institutions spanning all levels of the supply chain.

The purpose of the Business2Business event is to offer the frames for short personal meetings between your company and potential business or development partners. By joining the event you will be able to meet companies of your own choice. Each meeting lasts 30 minutes and you have the possibility to plan a maximum of 14 meetings.

Time: Thursday 2nd December 2021

Place: Online event

Participation fee: 54 € + VAT

More information & Registration: Registrations by 2nd December 2021
